*I am really excited about reading and studying Tattoos on the Heart with you. I read it this summer and have not been able to stop talking and thinking about it since. This book showcases a brilliant vision of the kingdom of God made tangible for all.*

*From Publishers Weekly: In this artful, disquieting, yet surprisingly jubilant memoir, Jesuit priest Boyle recounts his two decades of working with gang members in Los Angeles County. Boyle's Homeboy Industries is the largest gang intervention program in the country, offering job training, tattoo removal, and employment to members of enemy gangs.*

**Books will be available for \$9. Signups to purchase will take place in December.**
