# Wesley Park Weekly

July 9, 2017

You may be wondering, "How's the softball team doing?" Does the lack of updates mean that our team has been handily winning each and every game by such a margin that there is really no need to bring it up? No. That's not been the case. In fact, for most of the season we have experienced mercy. Meaning, if one team is ahead by over 15 runs, the other team is mercied. That's been us. Outmatched, outplayed, outscored. Our coach has encouraged us, yelled at us, laughed with us, changed up the lineup, but for most weeks, we have gone home without a win. Mercied.

But I want you to know, that hasn't affected how we treat each other. We are still encouragers. We congratulate the other team when they play well. We root each other on. We pray for one another. We like each other, and like playing - win or lose. And I don't think we can lose, if we are playing with the Spirit of care and compassion. I think we win, regardless of the score, when we treat one another and ourselves with respect and encouragement. The games are filled with hope, prayer, grace and, yes, mercy. When we keep our focus on the bigger picture, we can grow in any situation.

This might sound like someone who is trying to find the silver lining for a winless season. That is not the case. Because on Thursday, June 29, things began to turn around. Hits started falling, runs started to cross the plate, routine and miraculous plays were made in the field. The game went into extra innings. And, with the bases loaded and two outs, Tim Witt hit a sharp line-drive single. We won! We continued to support one another and have fun. We never stopped respecting the other team. Our smiles might have been a little bigger. I wondered if the teams that win all the time experience that same degree of joy?

Softball reminds us to have fun, show respect, try hard, encourage one another, work together, pick each other up, hope, grow, and appreciate every moment we are together. May these things be a part of all you do in life.

## Anything But Ordinary, July - September 2<sup>nd</sup>

11am - Noon -- Every Sunday -- Downstairs in Fellowship Hall

Our summer Adult Faith Formation series will be an in-depth study of the Abrahamic family narratives found in the first and second books of the Bible (Genesis and Exodus). Whether you are a first-time guest or life-long member you are invited to enter into these stories (anew) through our study. This season of the church year (lectionary) is called ordinary time but we want this summer to be Anything But Ordinary for you!

All participants will receive a beautifully illustrated devotional which will guide our weekly reflections and provide space for you to explore these stories more on your own or with a small group.

## All-Church Study, September 10-October 15

Clip In: Risking Hospitality in Your Church Small Group Book Study

September 10<sup>th</sup> – Oct 15<sup>th</sup>

"When are a cyclist and a church alike? The cyclist goes nowhere without balance and momentum. Neither does a church. For the cyclist, the risk begins when he or she clips into the pedals. For a church, the risk comes with balancing attention toward existing members while generating momentum through reaching new people. But when the focus goes from the "functions" of hospitality to creating a culture of hospitality, a church's growth will shift into high gear."

**If you are interested in facilitating a small group for this study, please contact Anna Spencer ([aspencer@wesleypark.org](mailto:aspencer@wesleypark.org)).**

## Tuesday Night Small Group Book Study

Tuesday, July 18<sup>th</sup> - August 28<sup>th</sup> in the Welcome Center 6-7:30 pm

As a follow-up to our poverty study with Rev. Julie Liske, Anna Spencer will be leading a small group book study. For **seven weeks**, we will think deeply about "Compassion, Justice, and the Christian Life" by Robert D. Lupton. This book addresses important questions such as "What are some meaningful alternatives to the ways we have traditionally attempted to care for the poor? How do people, programs, and neighborhoods move towards reciprocal interdependent relationships?"

You will be asked to read between 20 and 40 pages per week. Space is limited to twelve people in order to maintain a small group experience. We may do this study again in the fall if there is great enough interest. Books are **\$9** and are available at the Welcome Desk. EBooks are also available through online retailers. **Get your book and sign up at the welcome desk today! Bookmarks with reading and meeting schedule are there as well.**

## Prayerwalk

In hundreds of cities around the world people are praying as they pass through the streets of their communities. Many have come to use the word "Prayerwalking" to describe this kind of on-site intercession. During a prayerwalk, the folks who pray extend beyond their own concerns and focus directly on the needs of others and open themselves to see their neighbors with God's eyes and heart.

On Friday, July 14 at 10:00am I would like to spend some time, about an hour, quietly praying through the neighborhoods around Wesley Park. If you would like to join me I will have routes, options for prayers, scripture and notepads available. We will begin in the sanctuary and pray for the Spirit of God to accompany our steps and words. We will then divide up in pairs or groups and begin our walk.

This is not a time for evangelistic conversations it is rather, a time to begin a more holy relationship with the children of God living around our church.

Please join me,

Jane Ellen Johnson
